Q1. Read the passage given below and answer the questions. (Any four)  $2 \times 4 = 8$   
 Around ten years ago there was a young man whose name was Akash. He was studying to be a doctor. After he completed his MBBS he worked hard and won a scholarship to USA. He got his masters degree and decided to come back. Along with him ten of his friends had also gone for higher studies to America. They all stayed back but Akash returned. Akash's father was not very happy with his son's decision. He was very proud that his son had got a foreign degree. He wanted his son to make America his home, earn a lot of money and finally invite his parents and sister also to settle down in America. But Akash was adamant. "My country has spent thousands of rupees in educating me. I have to repay this debt. The only way I can do it is by serving the people here. And moreover India and its villages need good doctors for more than rich countries like America.
